Clamping cone

The mounting cone can be used to clamp the suction lance to either the container or the container lid. This enables quick and intuitive container changes. In addition, the flexible mounting allows the suction lance to be adjusted precisely to the required height.

Five mounting cones are always included in the scope of delivery.

- Suitable for eloLance SL2D and eloLance SL2R
- Material: silicone (light grey) or EPDM (black)
- For installation openings of Ø 30–35 mm (352SL2100 or 70001794) or Ø 43–49 mm (352SL2101
