

Oxide magnet 301650 Ø50x25x15mm

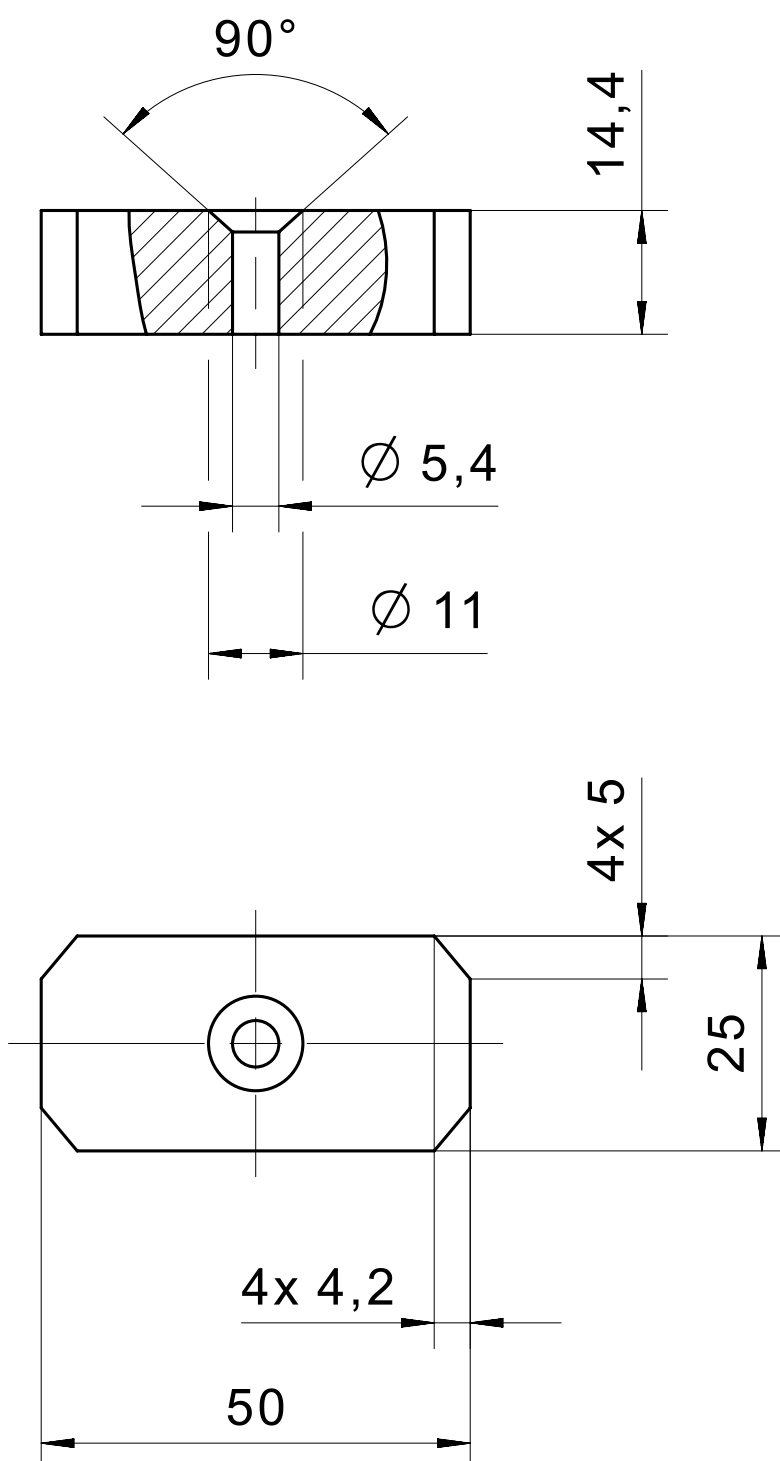

Product characteristics

- For use with magnetic sensors
- Simple installation with just one screw
- Large temperature range

301650

Article characteristics

Attribute	301650	ED301650
Operating temperature min.	-20 °C	-
Max. operating temperature	100 °C	-
Dimensions	25x50x15	-
Mounting type	Screw	-
Material	hard ferrite	-
