

Safety sensor 171

Our bestsellers with a design common to the market: magnetically actuated safety sensors in M30 housing. The large number of variants available from elobau provide solutions for almost all applications.

Technical specification

- Available connection types: cable outlet, M8 and M12 housing connectors
- Simple diagnosis through optional LED and control contact
- Optionally with LED display

Product options

IMAGE 1/3

Suitable for front actuation. Assured switching distance (S_{ao}) of 4 mm with standard actuators, 7 mm with extended-range actuators. Assured switch-off distance (S_{ar}) of up to 17 mm with standard actuators, up to 23 mm with extended-range actuators
